Timeshare Owner Priority Reservations

Your vacations are important to you. They're your adventure, your escape, and your bucket list dreams. Club Wyndham is committed to prioritizing timeshare owner reservations at Club Wyndham resorts by limiting access by non-owners, including guest reservations, during peak travel dates, giving you maximum availability and opportunity to vacation during holidays and other popular travel times. Please see clubwyndham.com for the most updated list of resorts and dates.

During restricted dates, you can travel to Timeshare Owner Priority Reservation resorts with your guests and reserve multiple suites. Additionally, you may use two Guest Confirmations per year during the restricted dates when not travelling with your guests.

Important Information**

- If a reservation is cancelled more than 14 days in advance of check-in normal guidelines apply.
- If you need to make separate reservations on at least one overlapping day for you and a guest at a specific Timeshare Owner Priority Reservation resort, you can do so by calling the Vacation Planning Center at 800-251-8736.
- If you need to modify your or a guest's existing reservation, all existing program guidelines will apply. If the added nights overlap with a Timeshare Priority Reservation resort's date, found on clubwyndham.com, all Timeshare Priority Reservations rules will apply to that reservation.

Wyndham Club Pass

Club Wyndham Waitlist

When you have a specific resort and travel dates in mind and they are not available, you can now submit a Waitlist request. If you cannot find the perfect suite or dates during your normal reservations search, you will be given the option to submit a Waitlist request, which allows the system to do the searching for you. Should a match become available, you will be notified to book the vacation.

Waitlist Guidelines

Submitting Your Request

Submitting a Waitlist request is a great way to allow your owner website to do the work for you. Waitlist requests can be submitted from 10 months to 2 months prior to your check-in date. When you are searching for a vacation and it is not available, you will be given the option to create a waitlist request. You can choose the desired location, suite type, dates, and length of stay and when it becomes available you will be notified.

Important Information

- All Club Wyndham Select, Club Wyndham Access, Presidential Reserve, and Margaritaville Vacation Club by Club Wyndham members are eligible to submit a Waitlist request.
- You may have up to two (2) active Waitlist requests at a time.
- If there is an account hold on reservations, this must be satisfied prior to accepting and completing the reservation. Normal Club Wyndham booking rules apply.

- Waitlist requests can be modified with a vacation guide or cancelled at any time during the request period.
- Once you are matched with your desired resort and travel dates, you will receive an email and will have 48 hours to accept, modify, or decline the matched request. Modifying your matched request during the 48-hour window will be treated as a new request and place you in the queue as such.
- When a Waitlist request is accepted, a nonrefundable \$25 Waitlist fee will be charged at the time of booking.
- For more information on eligible Club Wyndham Waitlist resorts please visit clubwyndham.com.

PRO TIP

You can modify your waitlist request with a vacation guide over the phone, prior to a match, and keep your spot in line so long as the resort you selected and one of the original dates you requested are still included.
